Oil/ Coolant Mist Collector

Economically efficient S- series
GEP-200S

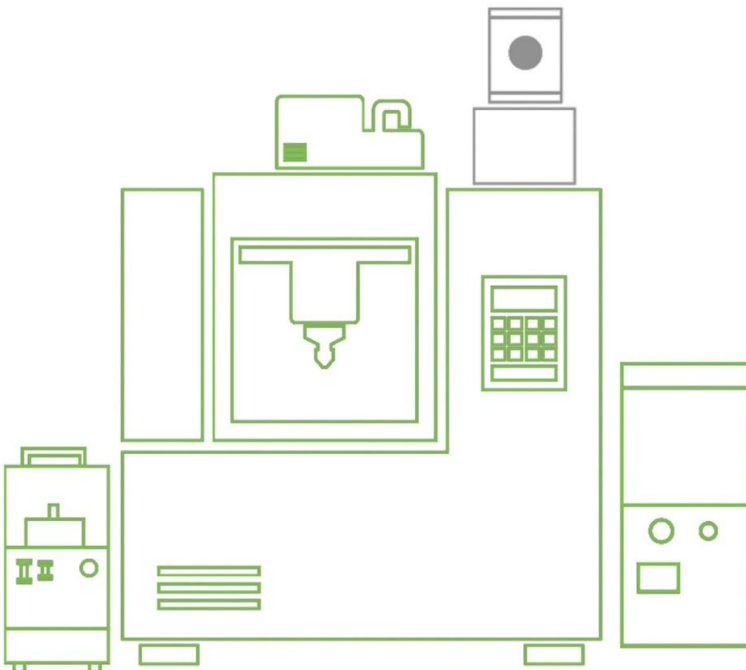

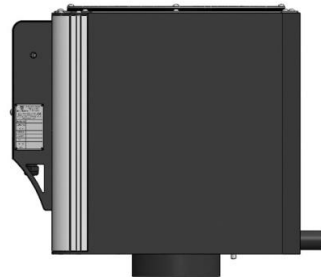

Features

- Upright design to extend operating life of motor
- 99% oil reclaim to extend operating life of the smoke filtration cartridge
- Low vibration for higher precision machining
- Low noise for a pleasant working environment
- Install IE3 ultra-high efficient motor, which is energy-saving, reduced carbon emission, and high performance

Smart Alert Flagship Series

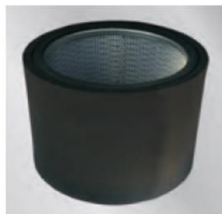

- GEP-160
- GEP-200
- GEP-300

Smart alert flagship series

MULTIPLE FILTER NET

Pleated oil-proof 30% filter material
Reusable
Filter out 5micro particles

Full range of oil mist collectors

HIGH EFFICIENT FILTER TUBE

Modularized high efficiency
Air filter removes cutting
oil smoke particles
Intercepts 1 micro particles

Economically efficient S series

TRIPPLE FILTER COTTON & ELEMENT

Three layers of special filter
materials for smoke .
Economical filter material

Specifications

Model	GEP - 200S	GEP - 160	GEP - 200	GEP - 300	Unit
Power Supply	220 / 380				V
Current	1.7 / 1.18			2.74 / 1.76	A
Motor (hp)	0.4 (1/2HP)			0.75 (1HP)	kw (IE3)
Frequency	50 / 60				Hz
Sound Level	65			73	dB
Vibration	0.7	0.6		0.9 ~ 1	mm/s
Air Flow	15.5 / 18	14 / 16	17.5 / 20	26 / 30	M ³ /min
Inhale Caliber	150 / 6				mm/inch
Rotating Speed	2860 / 3440			2875/3455	R.P.M
Net Weight	26 / 57	36.5 / 80.4	42 / 92.5	56.5 / 124.5	Kg / lb
Dimension	H 340 × Ø 380	450 × 390 × 380	480 × 420 × 420	570 × 500 × 490	mm
Machines Fully Cover Volume	1 ~ 4	1 ~ 4	4 ~ 5	5 ~ 7.5	M ³
Features					
Filter Element	Washable/Reusable				Standard
Operate Indicator Display	X	Light			Standard
Filter Clogged Indication Display		Glisten			Standard
Vertical Lift kit	430 × 430 × 1700 mm				Optional
Modular High Efficiency -Filter Element	1µm Long-Acting Type / 600 mm				Optional
